Primary Care Manager, Kelly North and I were invited to attend the Shelton School Districts Retired Teachers Association luncheon to talk about the School Based Clinic at the YMCA. Although not directly affected by this, they are still interested in all things related to the school district.

On Wednesday, February 8, I attended a virtual session with the Rural Health Clinic Association of Washington and their lobbyists to support legislation having additional Providers added to the federal definition of an RHC Provider as recognized by the state. These additional Providers are Pharmacists, Dietitians, Substance Use Disorder Professionals and Mental Health Providers. This would allow the clinic to bill for visits with these professionals at the Rural Health Clinic rate.
