

Mason Health

Mason General Hospital • Mason Clinic

To: Board of Hospital Commissioners
From: Eric Moll
Date: August 13, 2024
Subject: Consent Agenda

Consent agenda for Tuesday, August 13, 2024

Approval of the Bills:

General Fund	22511554 – 2252080 243813, 100044, 100045, 100046	\$5,961,958.80
Employee Medical	20200 – 20203	\$1,164,174.63

Miscellaneous COO

We conducted three on-site visits with Pediatrician candidates over the past couple of weeks and as of this writing have one offer out. It is possible we make offers to all three of them. With multiple viable candidates, our method is generally to provide offers to those that meet our needs and will fit in well with the other Providers, and the candidate that accepts our offer first is the one we go with.

Credentials Initial Applications

David Hughes, CRNA	Anesthesia	Allied Health/Provisional
Jacqueline Gorzynski, MD	Family Medicine	Active/Provisional
Alyssa Sethi, MD	Family Medicine	Outpatient Clinic

Budget Amendment

Recommendation to increase 2024 Capital in the amount of \$341,942.00 for the purchase of 2330 Sherwood Lane. Authorization at previous board meeting was approved for CEO to enter into the purchase of this resident.

CNO

Open positions: 4 MSP night shift openings. We did fill 1 position with the increased sign on bonus with an experienced RN. New graduates are not independent for several months because of the orientation/training required. We have been hesitant to hire new graduates because of the training requirements (4-6 months before they are independent). We will be accepting 1 new graduate per department at a time. HR has 'sponsored' ads on Indeed, which moves our postings to the 'top' when searching for Shelton, WA. The sponsorship also allows us to include sign on bonus \$\$ within the title.

NAC course- all 8 passed their exam! Kudos to Carol- MSP supervisor who helped teach the course. Our plans are to provide the training 'in house' next year with the learnings we had this year. The NAC course is an opportunity for internal professional growth and can be a great gateway into a nursing career. Two of the graduates will fulfill the open NAC FTE's on MSP. Two are HSA recipients and will provide per diem shifts while they are completing their nursing studies.

Nurse Tech- we currently have $\frac{3}{4}$ Nurse tech positions filled. The NT's are current nursing students and is a certification through the state. The NT commit to a 1-year contract once they receive their nursing license. By providing 'real life' training, the NT do not require a 6-month residency before they are independent.

Pay by the minute: we are in the discovery phase of analytics the UKG system can do. We are on track for roll out on January 5, 2025.
