Employee Medical	20206 – 20208	\$ 943,542.05

Miscellaneous

COO

As shared for the last Board of Commissioners Meeting, we are continuing to use the Referrals Consultants and will continue with them for a short period after the new referrals' software is up and running. We have also added two additional consultants to assist with this work. With this help we have been able to reduce the number of referrals from a high near 2,400 to the current level of 1,500. This is achieved with approximately 250 incoming referrals per day. Testing of the new system and its interfacing with Cerner is currently underway. It has taken some time to make sure information flowing between the two systems is getting into the right locations.

We have - and will - welcome three new Providers to Mason Health over a three-week period.

- Dr. Jacqueline Gorzynski arrived on Monday August 26th working in the Primary Care Practice and with the Hospitalist group. Dr. Gorzynski completed her residency with the Providence Health system in Chehalis.
- Nurse Practitioner Tiffany Henningsen joins the Primary Care practice on Monday, September 9. Tiffany has been a Registered Nurse with Mason Health since 2013. Tiffany most recently served with the Clinic Care Coordination team while she completed her Clinical duties in Mason Clinic to achieve the Nurse Practitioner certification.
- Dr. Kym Walker joins the Women's Health Practice on Monday, September 23. Dr. Walker comes to Mason Health from Capital Medical Center. Dr. Walker is well known and respected around Mason Health and will be a great addition to the clinic practice and Surgery department. It is anticipated many of Dr. Walker's patients will follow her to Mason Health.
