Miscellaneous

COO

On Monday, September 11, we have a Pediatrician from Pittsburgh visiting Mason Health. She is currently in residency and will become available September/October 2024. Her significant other is also in residency in Pittsburgh in which he will become board certified in Pediatrics, General Psychiatry and Child and Adult Psychiatry. While we do not have a formal interview set

up with him, we will express our interest in speaking with him about career plans. A summary of this visit will be provided during the Administrative Roundtable.

As of the week of August 28, there were 50 total open positions, reflecting 29.8 FTE. Seventeen of the totals are PRN.

In the board packet is information from Press Ganey, our patient satisfaction survey administrator showing the relation of Mean Scores and Percentile Ranks, and an example of patient satisfaction results by age groups during the second quarter of this year. This will also be highlighted during the Roundtable discussion.
