Employee Medical	20211 – 20213	\$ 521,066.62

Miscellaneous

COO

We have received seven applicants for the Director of Rehabilitation Services position, with varying degrees of qualifications. Three of these are internal. Screening interviews took place Thursday, October 17th, with in-person panel interviews taking place over the next couple of weeks.

The Director of Clinic Operations position was posted on Wednesday the 16th. A panel of interviewers including direct reports, Department Leaders and Providers will all participate. This recruitment is taking place quickly in the instance an internal candidate is identified, and that position also needs backfilling.
