

Ryan J. Halpin, M.D.

Dr. Halpin is a native of Olympia and graduated from Capital High School before attending Brown University in Rhode Island where he earned a degree in chemistry with honors. He graduated medical school from Northwestern University Feinberg School of Medicine and remained there to complete a residency in neurological surgery. During that time he also spent one-year doing advanced training in complex spinal deformity and minimally invasive spine surgery. Dr. Halpin was awarded the Susan Perlman award during his chief resident year; the award is given to the senior resident who best exemplifies academic excellence, special leadership skills, and compassion for patients. He joined Olympia Orthopaedic Associates in 2011 and sees patients in our Westside location.
