

PROVIDER PROFILE

KC Graham, PA-C

Primary Care

KC Graham obtained a Master of Science degree in Physician Assistant Studies from Idaho State University in 2014. He worked for years as a phlebotomist in a wide variety of medical settings, and later as an Emergency Room unit secretary/monitor tech. While completing his degree, he did rotations across Washington and western Idaho. Graham enjoys administering care to a diverse population of patients, focusing on a comprehensive approach to patient well-being, with an emphasis on disease prevention.

Born and raised in Washington state, Graham enjoys many outdoor sports including hiking, skiing, and golf. He also enjoys his time with family and working on a variety of creative projects.
